Morning Session (9:00 am)

Changing the Culture of the Fire Service

Culture change in public organizations brings thoughts like "fear," "impossible," "too large to manage." Culture change in the fire service brings those concerns to a heightened level! This seminar will offer a practical, systematic, and measurable approach to transform a fire department. We will start with identifying what you want to change, provide the 10 steps to make it happen, and establish behavior shifts for effective and meaningful positive outcomes.

Afternoon Session (1:00 - 2:30 pm)

The Impact of the Affordable Care Act on Your Fire Department – Q & A Discussion
